

The A-Arts Organization is proud to be part of the Arnold Classic Africa 2020!

**The Arnold Classic Africa International Arts Festival will be held at the Crawford College Sandton
15 – 17 May 2020**

How to qualify again if not successful in 2019: A few questions regarding the items that qualified as well as how to qualify again arose from our local A-Arts Festival rounds if 80% was not achieved at an A-Arts Festival:

1. Pre-Qualifying rounds

Participants have a chance to qualify again for Arnold Classic Africa International Arts Festival if he/she did not succeed to qualify at an A-Arts Festival.

Dancers, Drama/Orator participants, Music/Vocal participants and Teachers can send through a digital video recording of the item. All videos will be downloaded onto a computer where an adjudicator will judge the item in question. The participant WILL NOT receive a medal or certificate but will solely be judged on if she/he/D/T or Group qualifies to enter for the Arnold Classic. Items must be recorded properly and named correctly. We will notify the participants / teacher of the items that qualified. Please provide us with contact details, email address and studio name / dancers name and surname that must accompany the video.

Music/Vocals: arnm.artisticulta.co.za

3. Recommended amount of entries per participant to enter for Arnold Classic Africa?

It is recommended that the participant should enter at least three items for Arnold Classic Africa as it gives the participants an even chance to win one of our grand prizes. It is however not compulsory. Fewer items can also be entered.

4. A few questions regarding the DANCE entries?

- D/T, groups, formations & productions in all the art forms
 - If a group of 6 participants qualified, and two participants cancels their dance classes the teacher is allowed to replace these learners with existing learners that also qualified for Arnold Classic so that it does not influence choreography. The group can still enter under 6 participants. Please note that the two learners that are being used as replacements should be on the same level as the other learners. Another option is that the teacher only enters the group as 4 dancers if there are no replacements. The teacher cannot add more learners than the

original group that qualified; in this case only 6 participants can enter for this item.

- Name of the item that qualified?
 - Please note the name of the item can change. If a dancer qualified for a solo: Love you lots (item name), 12 and under, Pre-Amateur, Modern, Solo, the name is allowed to change but not the **section, style and status**.
- Choreography of all items
 - Please note that teachers and participants are welcome to change choreography. As mentioned only the section, style and status cannot change for this is what the dancer(s) qualified for.
- Age groups and status
 - The dancer qualified 12 and under for her item in 2019 but turned 13 end of 2019. The participant must enter under the correct age group as from 1 January 2020.
 - Please note dancers are allowed to move up a status but not down a status or the dancer can stay in the status as qualified.
